

To Whom it May Concern;I pay for XM Radio. I pay for my right to listen to what I choose to listen to. I like XM Radio. I feel the National Association of Broadcasters has no right to take away stations I pay for. If I wanted their input I'd ask for it. They regulate the regular radio stations which is absurd but since I don't PAY for them and I'm not a billionaire and I don't own any of those stations the NAB can but in.

I respectfully urge the FCC to tell NAB to but out and keep their noses out of XM Radio. Protect our 1st amendent rights, reject petition 04-160.

Thank you
